## GEOSKILLS

VENUE: CSIR MININGTEK, CARLOW RD &  
RUSTENBURG RD, AUCKLAND PARK, JOHANNESBURG

We've searched far and wide to bring you the best topics and speakers to kickstart your career. Here is a sneak peek at some of the talks.

Noleen Pauls – Independent  
Geological Consultant

Geology; a rocky career

Geologists are 'scientists' obsessed with rocks. Often too intelligent to do dull sciences like biology, chemistry, or physics, geologists devote their time to volcano poking, fault finding, obscure folding, rock-collecting, and high-risk colouring.

But are these the only options open to us unique professionals? I think not!

8 ways (or more) to ace  
your interview

Whoop! Whoop! You've been invited to an interview for your first job! Well done! So now what? In half an hour, I am going to give you 8 tips on things to do before, during and after the interview that will give you a better chance of getting the job -

Or at least getting to the second round of interviews! It may be the last talk of the day, but it will be well worth waiting for!

Jacques Harris - Group  
Environmental Manager at GCS

Has the final environmental  
TRUMP card been played

The basis of the talk comes from Section 24 of the Constitution of the Republic of South Africa (1996): Everyone has the right to an environment that is not harmful to their health or well-being; and to have the environment protected, for the benefit of present and future generations.

Through reasonable legislative and other measures that prevent pollution and ecological degradation; promote conservation; and secure ecologically sustainable development and use of natural resources while promoting justifiable economic and social development.
