

RHODES UNIVERSITY  
*Where leaders learn*

## DEPARTMENT OF GEOLOGY

Applications are invited from suitably qualified candidates for the following bursary post:

### RESEARCH FELLOW IN ECONOMIC GEOLOGY

This is an endowed post-doctoral position, initially available for three years, with subsequent renewal subject to satisfactory development of an active research programme. The incumbent is expected to conduct leading-edge research into the geological, geochemical and/or mineralogical aspects of mineral deposits, with particular geographic emphasis on the African continent. Applicants should have a PhD or equivalent qualification and a currently active track record of appropriate research activities and publications.

The Geology Department is, through this position, seeking to expand and enhance its research capacity in economic geology, to complement the existing, internationally recognized, post-graduate course-work MSc programme in mineral exploration and economic geology.

Further particulars and funding details, are available at  
<http://www.ru.ac.za/geology/explorationgeology/postdoc/> .

Interested persons should submit a detailed curriculum vitae together with certified copies of their qualifications and the names of three referees to the Office Administrator, Exploration Geology.

We will start considering applications from 7 March 2016
