

# South African Journal of Geology

December 2016; 119 (4)

## Contents

Mike C.J. de Wit

- Early Permian diamond-bearing proximal eskers in the Lichtenburg/Ventersdorp area of the North West Province, South Africa; *South African Journal of Geology*, v. 119, i. 4, p. 585-606

M. Keeditse, H.M. Rajesh, G.A. Belyanin, M. Fukuyama, T. Tsunogae

- Primary magmatic amphibole in Archaean meta-pyroxenite from the central zone of the Limpopo Complex, South Africa; *South African Journal of Geology*, v. 119, i. 4, p. 607-622

R. Klemd, T. Herderich, M. Junge, T. Oberthür, R. Schouwstra, J. Roberts

- Platinum-group element concentrations in base-metal sulphides from the Platreef, Mogalakwena Platinum Mine, Bushveld Complex, South Africa; *South African Journal of Geology*, v. 119, i. 4, p. 623-638

K. Farber, A. Dziggel, F.M. Meyer, C. Harris

- Petrology, geochemistry and fluid inclusion analysis of altered komatiites of the Mendon Formation in the BARB4 drill core, Barberton greenstone belt, South Africa; *South African Journal of Geology*, v. 119, i. 4, p. 639-654

C.H. Kasanzu

- Using Sm-Nd systematics to constrain sediment sources of the Ikorongo Group, north-eastern Tanzania. *South African Journal of Geology*, v. 119, i. 4, p. 655-662

L. Hoyer, M.K. Watkeys

- Breccia formation during intrusion of a dolerite sill: an example from Sheffield Beach, KwaZulu-Natal North Coast, South Africa; *South African Journal of Geology*, v. 119, i. 4, p. 663-676

A.M. Killick

- The geological structure of the Muizenberg Block, Cape Peninsula, South Africa; *South African Journal of Geology*, v. 119, i. 4, p. 677-690

C.W. Lambert, P.H. Macey, S. Daggart, S.S. Nethenzheni, R.H. Bailie

- Lithostratigraphy of the Friersdale Charnockite (Keimoes Suite), South Africa; *South African Journal of Geology*, v. 119, i. 4, p. 691-698

P.H. Macey

- Lithostratigraphy of the Mesoproterozoic Garies Granite; *South African Journal of Geology*, v. 119, i. 4, p. 699-704

C.H. de Beer, P.H. Macey

- Lithostratigraphy of the Mesoproterozoic Kliphoek Granite; *South African Journal of Geology*, v. 119, i. 4, p. 705-712
