

10 October 2023

Dear Members

#### Membership Fees 2024

On behalf of the Council of the GSSA, I would like to thank you for your continued support and involvement with the Society. In recent years, the GSSA has increased membership fees by less than inflation by becoming more efficient in its operation. 2024 fees have been increased by an average of 4.5 % per cent, in line with projected inflation. Your invoice will be sent under separate cover.

The South African Journal of Geology (SAJG) is accessible online through GeoScience World via the member portal on the GSSA website, and we encourage all members to make use of the service. Our quarterly publication Geobulletin is also available on the GSSA website.

The option to receive a physical copy of SAJG is still available at an additional cost noted in the fees table, the higher rate partially covers printing, air mail and courier charges.

While surface mail charges are considerably less expensive, we cannot guarantee delivery of SAJG by surface mail because of the poor state of the South African Post Office.

Voluntary donations additional to the fees are welcome, and we gratefully thank those who have made donations in past years. There is a donation option on your invoice.

We encourage members to pay online on our website: [www.gssa.org.za](http://www.gssa.org.za) , please log in to your member portal and enter your card details, it is 3D secured.

Please contact Mrs Olivier at [accounts@gssa.org.za](mailto:accounts@gssa.org.za) for any finance related matters. Remember to check the GSSA website, the Facebook page, LinkedIn, Instagram, the weekly events reminder and the monthly newsletter for regular updates on news and events.

Steve McCourt  
GSSA President
