

100 YEARS OF THE DISCOVERY OF THE NAMAQUALAND DIAMONDS – SOURCE TO SINK

11 - 20 MARCH 2025

SPONSORSHIP PACKAGES

A key objective is to keep the event as affordable as possible, to attract as many students, researchers and industry professionals as possible. This can only be done with sponsor assistance. The Local Organizing Committee, the Geological Society of South Africa (GSSA) and the Northern Cape Branch of the GSSA invite you to support the Conference by becoming an event sponsor. A range of sponsorship options are available, and you would not only be building your brand by participating, but you would assist in making the meeting affordable and attractive to all, and to students in particular.

Please support this effort by taking up one or more of the sponsorship options outlined below. If you do not find one that meets your needs, please contact us for a tailor-made solution. You will reach a broad range of geoscientists and potential employees through your support.

Special packages will be made available for

- Promotional materials
- Field trip support
- Social Event Partners
- Student Sponsorship

More detail about the conference and the sponsorship options can be obtained from:
